

## Fair Contract Rally for Personal Support Workers

Personal Support Workers (PSWs) at Toronto Homemaking Services (THS) have been working to get a fair contract since last September. PSWs provide supportive care to the elderly and people with disabilities, making it possible for them to live with dignity and independence in their own homes.

**PSWs at THS need your support in the fight for fairness and dignity at their workplace.**

THS has been around for many years and had two union collective agreements. This contract will save resources by only having one collective agreement. PSWs at THS want what they already had in their collective agreements and to make some improvements – **not a lot to ask for!**

THS is trying to strip away rights and benefits PSWs currently have, rather than trying to improve working conditions, benefits and wages.

THS, and the Ministry of Health that funds home care, have a responsibility to support those that do the work that enables Home Care to exist!

**PSWs need your support!  
Join them to demand that THS  
offers a Fair Contract!**
