

Calling all CUPE locals:

CUPE 1521-02

is on strike and needs your support!

Lobby the employer. Boost picket lines. Spread the word.

CUPE 1521-02 workers provide front-line support to people with intellectual disabilities at Community Living Association Lanark County. These workers need the same pension plan that other Association for Community Living workers across Ontario have. CUPE has suggested different low-cost proposals but management has, so far, outright refused. The employer also wants concessions, and has pushed its workers into a strike.

WHAT YOU CAN DO: BOOST PICKET LINES

- Carleton Place: Community Living Assoc. Lanark County, 8 AM to 4 PM, Mon-Fri, 178 Townline Rd.
- Smith Falls: Community Support Services-Smith Falls, 10 AM to 2 PM, Mon-Fri, 12A Beckwith St.
- Perth: Community Support Services-Perth, 10 AM to 2 PM, Mon-Fri, 87 Gore E.

For more information, including weekend picket locations, please contact Katharine Bourck 613-250-0111

And come to the rally: Tuesday, July 14, 11:00 AM, Carleton Place Legion, 177 George St. Enter around back.

WHAT YOU CAN DO: LOBBY THE EMPLOYER

Please contact the agency's management and the board of directors. Tell them:

- You support CUPE's fight for a fair contract that includes a pension plan
- To respect their workers by offering a fair deal that will end this strike
