

Vale Inco workers are in the fight of their lives.

It's our fight too!

Our Steelworker brothers and sisters are in a battle against one of the most profitable corporations in the world. And they're fighting to hold onto fundamental rights.

Vale Inco wants to take away workers' pensions, seniority rights, and their share of the profits.

They've been holding the line for eight months.

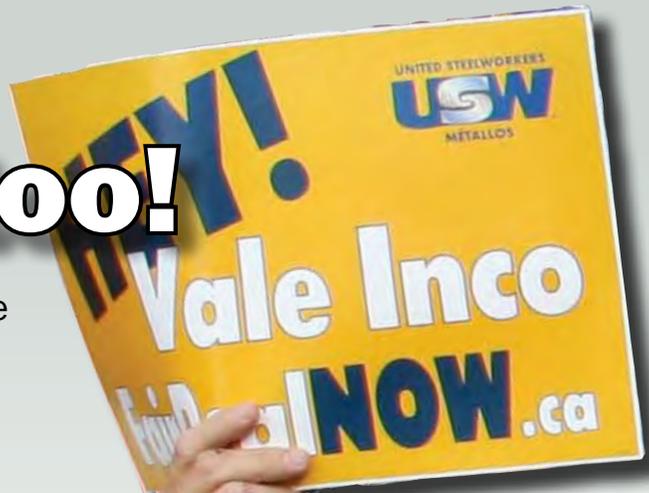

The battle is having a devastating effect on these workers, their families and the community.

After this long, something has to give.

It's not going to be the workers!

Not here in Ontario. Not now, not ever!

The time for solidarity is now!

Join the fight in Sudbury!
