

Poll results from SAMS town hall, Monday, March 2, 2015

With 263 people on the call, the results of the phone polls were as follows:

Based on your experience now with SAMS three-and-a-half months later, does the design of SAMS allow for more or less face-to-face case planning?

More face-to-face case planning – 1%
Less face-to-face case planning – 99%

We are hearing from people that a 'new normal' has been established in Ontario Works offices. Do you believe that this new normal with SAMS is sustainable?

Yes – 2%
No – 98%

To return to our SDMT-levels of service to recipients with SAMS, do you believe we need more frontline staff?

Yes – 86%
No – 14%

If you think about your caseload or your interactions with clients, do you believe that SAMS has had a positive or negative impact on recipients?

Positive impact – 0%
Negative impact – 100%
