

STOP HYDRO PRIVATIZATION

Let's keep it public. Make your voice heard.

PUBLIC MEETING IN THUNDER BAY

Wed. June 24, 6:30 – 8:30 pm

Lakehead Labour Centre

Charter Room B & C

929 Fort William Road, Thunder Bay

Refreshments will be available

Communities in Ontario are already concerned about high electricity rates, and Premier Wynne's hydro privatization plan will make this situation worse.

The Liberals used their majority in the legislature to force through an omnibus budget bill which includes hydro privatization, but Ontarians didn't get to have a say. Even with this new law, hydro still belongs to all of us and it's not theirs to sell.

Together, we can keep hydro public.
