**EQUALITY REPRESENTATIVE FOR
RACIALIZED WORKERS**

Pushing Racial Justice forward both in our Union and in Society

I have spent a lifetime fighting for Racial Justice. I know first hand that White Supremacy and Colonialism are fighting to keep both workers of colour and the working class down.

Accomplishments and Vision Moving Forward:

- Advancing racial equity within CUPE (research project presented at Racial Justice Conference 2017). To be presented at the National Executive Board in 2018
- Fighting against White Supremacy (early stages of province wide campaign established by Local 3902)
- Continuation of Racial Justice Conference (2017)
- CUPE Ontario presence at Carnival (2017)
- Changing the culture of equality work within CUPE Ontario by introducing Equality caucuses into various sectoral conferences
- Lobbying to strengthen the Anti-Racism Directorate

I hope I can count on your vote!
