To the Executive or Leader of Your Organization:

We Are Oshawa is a membership-based grassroots, non-partisan organization. The purpose of our organization is to make progressive issues a priority in Oshawa. We Are Oshawa aims to empower and mobilize residents to become active agents for social change in their community. Through grassroots organizing we can build the capacity to build a fairer and more equitable community for everybody.

For too long we have watched as successive governments have put the interests of corporations and Big Business ahead of the interests of working class people. In Oshawa, we have watched as good paying jobs have left our community and critical public services have been gutted. We have been presented with a choice: we can accept the status quo or we can work together to make our city and Durham Region fairer for everyone. We have decided to take action and we need your help.

We Are Oshawa does not charge a membership fee in order to remove any barriers from participating, but we are a not-for-profit organization that can only exist on donations from progressive organizations like yours. Any amount of money your organization can donate to We Are Oshawa will help us plan, organize, and manage city-wide campaigns and membership engagement activities, grow organizational capacity, liaise with local unions, community groups, and provincial or federal organizations, and manage our social media and online communications.

If your organization would like to meet more to discuss this with us, please drop us a line at [weareoshawa@gmail.com](mailto:weareoshawa@gmail.com).
