THESE FORMS MUST BE COMPLETED AND RETURNED BY OCTOBER 18

If you require this notice in French, please also visit our website

WORKSHOP DESCRIPTIONS

IWAC:

A WSIB 101+ – Participants will gain the basic knowledge of the how and when to file for benefits under WSIB, receive resources on how and when to file a claim. Participants will also learn how to refer cases for appeal to the National WSIB Staff Specialists and have an opportunity for a Q & A session with the reps. In addition, this workshop will explain what advocacy is and link you to a group in your area.

B Return to Work & Duty to Accommodate – This workshop will facilitate detailed discussion regarding legislation that protects people with disabilities. The session will examine how the “duty to accommodate” arises and how it operates. The most current case law will be reviewed to give participants a clear understanding of the legal obligations of employers, workers and unions. In doing so, the workshop will review the following pieces of legislation as they apply to accommodation issues:

Canadian Charter of Rights and Freedoms;
Canadian Human Rights Act;
Ontario Human Rights Code;
Occupational Health & Safety Act;
Canada Labour Code;
Workplace Safety and Insurance Act;
Accessibility for Ontarians with Disabilities Act

C WSIB Chronic Mental Stress/ Traumatic Mental Stress - The purpose of this workshop is to give participants an understanding of the WSIB’s Chronic Mental Stress 15-03-14 and Traumatic Mental Stress 15-03-02 policies and the differences between the two. It will give participants a clear understanding of benefit entitlement to both Policies and what is and what is not covered.

D Medical Documentation - The purpose of this workshop is to give participants an understanding of how to handle medical reports that contain sensitive and personal information that may result in substantiating a medical leave, recommendations for accommodations (including ergonomic assessments) and submitting to the WSIB. There will also be an overview of the medical forms required for a WSIB claim as well as a discussion about medical terminology. Participants will have a chance to partake in interactive exercises to better their skills with representing members that require support with accommodations or with reporting to the WSIB.

WORKSHOP DESCRIPTIONS

HEALTH & SAFETY:

- 1) **Psychologically safe workplaces:** In this module you will learn to Identify the psychological hazards in a workplace and how to eliminate them
- 2) **Identifying and Documenting Hazards:** In this module you will learn techniques for identifying hazards, such as body maps, surveys and inspections.
- 3) **Asbestos** - This program is designed for workers who may be exposed to the hazards of asbestos. The demolition and new construction in buildings such as schools, offices and hospitals effects workers such as maintenance, custodial etc. The routes of transmission and the health effects will be covered as well.
- 4) **Cannabis in the workplace** - Now its 420 every day! But what does this mean at work? Get the 411 before someone gets burned.
- 5) **Sick of Racism** - Is a campaign created by members of CUPE 3902 aimed at fighting back against, and educating the community about, the toxic effects racism has in the workplace on the health and safety of racialized workers.
