

**FORD'S
CUTS
HURT ALL
OF US.**

**Speak up for
Communities, Not Cuts!**

Our families all rely on strong public **services** – from health care and social services to schools, universities, and our municipalities.

**FORD'S
CUTS
HURT ALL
OF US.**

**Speak up for
Communities, Not Cuts!**

Our families all rely on strong public **services** – from health care and social services to schools, universities, and our municipalities.

Ford's Conservatives have launched an attack on our public services, the workers who provide them, and the people who count on them.

Ford Conservatives are hurting Ontario.

- ➔ Drastic cuts to education, universities and social services
- ➔ Increased hallway medicine
- ➔ Less support for seniors in long-term care
- ➔ Painful cuts to public health and ambulance services
- ➔ Reducing equal pay that helps women, racialized and low income workers
- ➔ Legislation that violates the Charter rights of almost one million Ontarians

Every community and every public service we rely on is at risk.

Communities, Not Cuts brings together workers and communities across Ontario. We are united to protect public services, fight for good jobs, and support every worker.

**Join us to fight for
Communities, Not Cuts.**
