Dave Smith

Works to better our Union and community. He will stand with all sectors: Health Care, University, Municipal, Social Services (Child Care) and Education.

We need to prepare and stand up for all Unions, but this is not something done in one day. We need to combine our efforts with all Unions in Ontario to return to Days of Action, United we stand divided we fall.

Dave Smith demonstrates his commitment to the equity agenda, and building strength through committees, coalitions and international solidarity initiatives.

“We have always stated that government has been trying to put us back to the fifties, lets show them how Unions fought in the 30’s. It is time to come out Swinging”
