Voting Delegates

While OMECC's by-laws allow locals to register an unlimited number of delegates to attend the Conference, there are criteria for, and limits on, the number of **voting delegates** each affiliated local is entitled to send. The number of voting delegates per affiliated local are detailed in Article 4, Section 6 of the OMECC by-laws which can be found [here](#). As this is an online event, locals will be asked to designate their voting delegates ahead of the event and their voting delegates will receive an individual email, with their voting credentials, before the Conference begins.

Standing for Election at the OMECC Conference

In order to be eligible to run in an election at the OMECC Conference, a delegate must be a **voting delegate** from an affiliated local and registered as such. Anyone nominating a candidate to stand for election should also be a voting delegate. Please see the section above, which outlines the process for locals to designate their voting delegates.

REGISTRATION FEE (per delegate): **

For Affiliates:

\$225.00 until February 11, 2022

\$275.00 beginning February 12, 2022

For Non-Affiliates:

\$385.00 until February 11, 2022

\$435.00 beginning February 12, 2022
