CUPE Ontario is seeking a Permanent Full Time Technology Assistant

CUPE Ontario is seeking a Permanent Full Time Technology Assistant

External applicants are invited to apply for the position by March 11, 2024 at 4pm.

CUPE Ontario's mission is to advance the lives of 280,000 members across the province, both at work and in their communities, by mounting campaigns for political mobilization, facilitating the coordination of collective bargaining, and fighting for social justice, equality, and against all forms of discrimination.

As Ontario's largest union, we have a deep commitment to strengthen and continue to build public services for the citizens of our province, and we see the fight against privatization as integral to all that we do. We work strongly in coalition with community groups and other unions to achieve our goals. As the political wing of Canada's largest union, political action and equity work are central to all aspects of our Action Plan which is developed and passed each year directly by the membership of our union.

CUPE Ontario is looking for an individual with the skills, experience, and stamina to support the technology needs of the organization. CUPE Ontario is committed to building a strong and diverse organization that is reflective of the diversity our members and society at large. Applicants from all equity deserving communities are strongly encouraged to apply.

Position Description

The Technology Assistant is the first point of support on all of CUPE Ontario's technology support needs. The **Technology Assistant** is responsive and demonstrates considerable initiative and a drive to get things done. The **Technology Assistant** works as a part of a team with the Officers, Political Staff, and Administrative Staff.

This is a key position in a dynamic, fast paced, and politically responsive organization. This position has set hours of work.

Job Responsibilities

- Providing staff training related to support requests as needed;
- Diagnosing and/or clarifying and/or resolving technology issues;
- Resolve technology problems and recommend work measures to improve productivity;
- Daily maintenance and upkeep of websites and preparing of regular eblasts;
- Work with CUPE communications staff to support their communications work;
- Create and optimize content for the Website using a variety of graphics, database, animation and other software;
- Responding to support requests and questions in a reasonable timeframe;
